

# United States Government

```
graph TD; A[United States Government] --> B[Legislative Branch]; A --> C[Executive Branch]; A --> D[Judicial Branch];
```

## **Legislative Branch**

Tell what this branch of government does:

## **Executive Branch**

Tell what this branch of government does:

## **Judicial Branch**

Tell what this branch of government does:

Understanding how your government works is essential for becoming a good citizen. Lets do some research to find out about government.

Pick one of the branches of government and research about it.

I will research the **Legislative, Executive, or Judicial (circle one)** branch of government.

Find out about the different departments of your branch of government:

Qualifications are the skills you need to do the job. Research about the qualifications necessary for one of the jobs in the branch of government you picked:

Are you elected or appointed to the job?

By who?

Anything else you found out that you want to tell us about?

If you have time, find out what that person's duties are on a daily basis:
